PREFACE

THE coins offered for sale here are from several different Collections. The first 18 lots comprise a very unusual group of early English and Scottish milled gold coins, including a complete type set of the coins of Elizabeth I and the extremely rare Cromwell Fifty-shilling piece.

The collection formed by the late Major G. S. M. Burton is particularly strong in coins of Elizabeth I, though an earlier notable rarity is the Crown of the Double Rose with H A initials on one side, muled with H K.

The group of coins of Liechtenstein are a special feature of this catalogue and will provide a comprehensive reference for the future.

The Greek gold collection contains three very interesting examples of the gold Stater of the last of the Pharaohs and a fine series of Ptolemaic gold. The two Aureii of Julia Domna, of exceptional quality, should also be noted.

The remaining coins cover a wide field of Coins of the World and special mention should be made of the following:—

Brazil — 20,000-Reis, 1725.

Japan — Manen Oban, 1860.

Mexico — Gold bar of 7-Onzas, 1746.

Russia — Catherine the Great, 10-Roubles, 1780.
Nicholas I, Platinum 6-Roubles.
Ivan III and Peter III, Roubles.

Britain — 1935 Pattern Crown in gold.

General Portuguese gold.

German Thalers and Papal Scudi.

Swedish Plate money.

END OF FIRST DAY'S SALE

Second Day's Sale

Thursday, 19th November, 1970

commencing at 10 a.m. precisely

THE following group of coins of Liechtenstein, Olmütz and Salzburg was formed by a private collector and bought in the main during the period following the First World War.

The collection is perhaps the most complete of its kind outside that owned by H.R.H. the Regierenden Fürsten von Liechtenstein, and many of the coins have not been seen on the market for very many years.

Among the many rarities in this collection are the following coins:—

(1) A very rare 4-Ducats of Charles of Liechtenstein, 1618.
(2) An undated 5-Thalers of the same ruler, also very rare.
(3) Large silver medal, 1644, of John, Prince of Liechtenstein.
(4) Maria Theresa "Fürsten von Liechtenstein" silver medal.
(5) Selection of gold Ducats of 18th Century Rulers of Liechtenstein.
(6) A supporting collection of rare silver coins of Liechtenstein.
(7) Gold and silver coins of Charles II of Liechtenstein-Castelcorn

Reference is made to "Die Müunzen des Fürstenhauses Liechtenstein", by Dr. Alexander Missong. Vienna, 1882.

COIN CATALOGUES

On the average we issue twelve or more Coin Catalogues each year, some of which are usually of sales of important collections.

CATALOGUE SUBSCRIPTIONS

PRE-SALE CATALOGUES, frequently illustrated, are normally posted to subscribers about three weeks prior to the date of Sale.

PRICED CATALOGUES (not illustrated) are issued after each Sale with the prices realised printed in the margin opposite each Lot, thus giving at a glance a reliable guide to values. The final test of value must always be auction prices rather than the figures given in books of reference, for changing times and fashions soon render the latter obsolete and misleading.

The Priced Catalogues are posted to subscribers as soon as ready, usually about three weeks after the date of Sale.

Subscription Rates

(*commencing from 1st January*)

Pre-Sale Coin Catalogues	.....	20s. 0d. per annum
Priced „ „	.....	40s. 0d. „ „

(Reductions for new subscribers commencing after 1st April.)

All subscriptions expire on 31st December, and renewal reminders are issued. Catalogues of past Sales cannot be supplied.

AIR MAIL

To allow subscribers resident outside Europe time to submit postal bids, Pre-Sale Catalogues will, if desired, be sent by Air Mail. Air Mail postage is not, however, included in the Subscription Rate and must be borne by the subscriber. In such cases an additional £2 should be sent as a deposit and we will advise when this is exhausted.
